

Guide to access the Conference App:

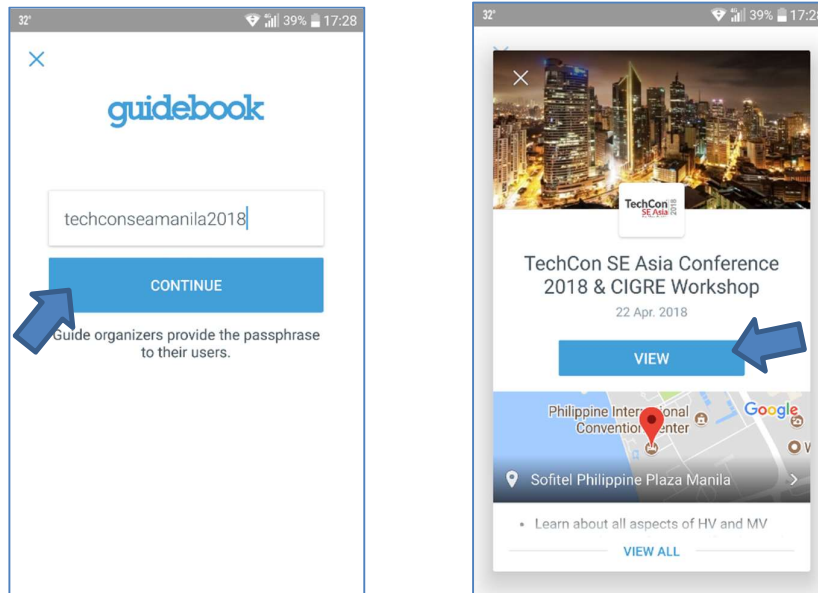

- Go into your device App store
- Type in and look for 'Guidebook' – icon with white lower case 'g' in a blue box

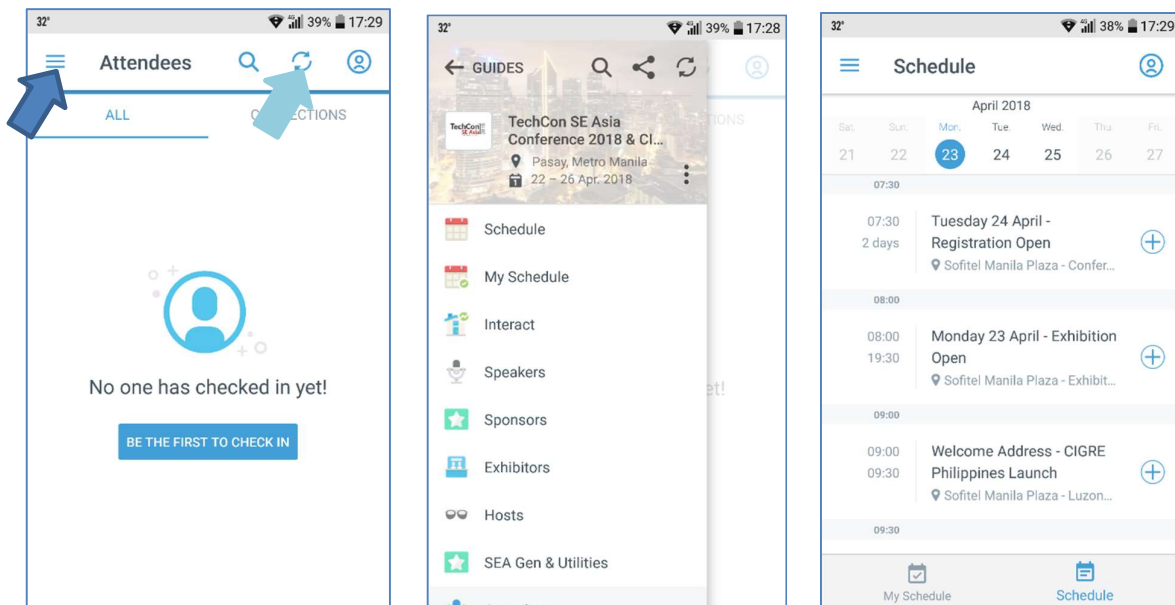

- Once found Guidebook App, either Install and/or Open

- If you are doing this for the first time, you won't see the two TechCon Icons showing on my phone picture above. Click on 'ENTER PASSPHRASE'
- Type in the Passphrase that was provided to you on your Event registration confirmation. Click on 'Continue', then 'View'

- Once in the App, have a look around. Click on the top left three bars to get the menu. Have a look through Schedule, check out the Speaker profiles, see who the Sponsors and Exhibitors are, share photos and interact.
- Note – Handy Hint – During the set-up stage, click on the refresh icon each time you open to ensure that you receive all recent updates.

- Enjoy!!
- Please email paul.guy@techcon.asia if you wish to make any additions or changes.
